Betreff: Invitation to an EPA Privacy Breakfast: The Transfer of Personal Data to Third Countries in the General Data Protection Regulation Framework

The European Privacy Association and Axel Voss MEP
invite you to:

A Privacy Breakfast on the TRANSFER OF PERSONAL DATA TO THIRD COUNTRIES

in the General Data Protection Regulation framework

What will happen to our data under the new proposal for a regulation on data protection? Is the new Regulation adapted to address complex data processing in multiple countries? Will there be benefits or challenges for businesses?

This third breakfast will in practice discuss Binding Corporate Rules (also for processors), standard data protection clauses, contractual clauses between the controller or processor and the recipient of the data, data subject consent, controller legitimate interest etc...We will take a critical

look at the main changes from both the economic and legal point of view that the new provisions bring about.

Brief presentations by experts will be followed by Q&A and debate sessions on this complex, yet important topic.

Don't miss the opportunity for a fruitful discussion!
